What is Studio Center Entertainment?

Studio Center Entertainment is our unscripted television division and we've got a lot of binge-worthy shows in the works. We source, create and produce shows for HGTV, Discovery, The Weather Channel, and AMC just to name a few.

1,000

Nearly **1,000** citizens of Virginia Beach serve as *volunteer* emergency medical technicians.

They assist more than **450,000** residents and approximately **2.8 million** tourists.

53,000

VOLUNTEER EMS SQUADS
VB RESCUE
FOUNDATION

The Virginia Beach Rescue Squad Foundation responds to over **53,000** calls per year.

The story of these unseen heroes must be told.

We're ready to hit the streets.

The Series

Regular People Doing Extraordinary Things everyday!

The HOW

We'll follow these men and women day and night, showing our nation and the world **how** their selfless acts save the lives of so many.

The WHY

This unique series will unfold by meeting the lifesavers at their jobs and in their homes, as they explain **why** they have made saving lives such a big part of their lives.

They'll leave everything behind to spend countless hours, day and night, responding to a myriad of calls such as auto accidents, fires, a broken leg, a heart attack.

VOLUNTEERS

They are school teachers, nurses, lawyers,
and even your next-door neighbor.

Some have followed their parents and even grandparents
into giving back to the city they love.

THANK YOU

VOLUNTEER EMS SQUADS
VBRESCUE
