WEBSITE DESIGN AND DEVELOPMENT

Including FREE Hosting and Maintenance!

Design

Our team of graphic designers will create a minimum of three mockups for the website to include the home page. Designers will make any and all revisions requested by the client.

Development

Once the mockup is approved by the client, the project developer will take all of the individual graphic elements from the mockups and use them to create the actual, functional site. Elements such as the CMS, interactive contact forms, and Search features are implemented and made functional during this phase, as well.

Copywriting

Our copywriter will work with the client to write compelling SEO friendly copy for the pages of the website.

Page Styling Modifications:

We will use existing content and any other text or imagery content that the client can provide, and style each page to be consistent in look and feel.

Initial SEO/SEM:

To get site noticed and ranking on all major Search Engines like GOOGLE, BING, and YAHOO. The basic package includes: Google Analytics Integration, Keyword Research & Meta Tags, Robots.txt file integration, XML Site Map Creation, Verification of your site with Google Webmaster Tools.

WEBSITE DESIGN AND DEVELOPMENT

Including FREE Hosting and Maintenance!

Testing/Delivery/Training:

The site will be thoroughly tested - viewing differences between different web browsers, ensuring that the website is optimized to be viewed properly in the most recent browser versions/mobile devices – referred to as responsive design. **NO COST**

Hosting:

Studio Center can host the client site on our Google Cloud-Based Server at **NO COST** to you.

Ongoing Support and Site Maintenance:

Content management system updates, javascript updates, server maintenance and upgrades, secure certificate renewals, LAMP stack updates and upgrades. *(Does not include actual content additions or change in the original scope of work.)* **NO COST**
